Description FEATURES Available in various colours and sizes. "Self-adhesive" 25mm and 50mm hook-and-loop also available. APPLICATION Hook and loop consists of two parts, the hook or male part featuring tiny hooks, and the loop or female part consisting of even smaller and "hairier" loops. Hook-and-loop fasteners have been used for a wide variety of applications where a temporary bond is required. It is especially popular in clothing, bags and luggage where it replaces buttons or zippers. Other applications include lapa covers and bakkie covers.
